In accordance with the Ontario Fire Code  
Ontario Regulation 388/97 Subsection 2.6.3.4.

## REQUIREMENTS

1. Prior to Burn - Property Owners Must have Verbal Confirmation of Controlled Burn Approval
2. Persons supervising the fire, to be with the fire at all times.
3. Fire to be limited to between sunrise and sunset daily.
4. Burning limited to the address above.
5. Weather conditions must be favourable.
6. Fire Chief or Station Chief to be notified when starting to burn.
7. Legitimate complaints from neighbours may terminate permit.
8. Any contraventions will terminate permit.
9. No burning of petroleum products, i.e. roofing materials, tires, railroad ties, etc.
10. There must be a method of controlling fire with a fire extinguisher or other.
11. Approval must be obtained no later than 30 minutes prior to start of the open-air fire.

It is the understanding of the municipality that the owner shall be solely liable for any or all damage resulting from open burning. A copy of the Open-Air Fire By-law is available at the Municipal Office and online at [www.perthsouth.ca](http://www.perthsouth.ca).
