

Township of Perth South

Report to Council

TO: Mayor Wilhelm and Members of Council
FROM: Rebecca Clothier, Chief Administrative Officer/Treasurer
DATE: August 9, 2022
SUBJECT: Operating and Capital Fund Variance Report as of June 30, 2022

Recommendation

THAT the Report of the Chief Administrative Officer/Treasurer entitled Operating and Capital Fund Variance Report as of June 30, 2022, dated August 9, 2022 be received for information.

Comments/Analysis

The Operating and Capital Variance report provides financial details regarding the Township's operations in relation to the Council approved budget, which sets the annual plans for the Township through cost allocations to its various departments. This report includes the period January 1 to June 30, 2022 and spending for these six months should be reflective of 50% of the annual budgeted amounts.

A summary of the levy supported and user fee supported departments, along with the County and School Board results, can be found in the following tables:

Levy Supported Department Summary

Department	Actual	Budget	Percentage Used
Taxation	\$(1,813,126)	\$(3,715,668)	49%
Non-Department Levy	\$(552,972)	\$(1,081,170)	51%
General Government	\$236,776	\$419,029	57%
Protection of People and Property	\$604,490	\$1,238,296	49%
Transportation	\$1,153,993	\$1,731,223	67%
Environmental Services	\$12,080	\$83,395	14%
Health Services	\$4,713	\$14,128	33%
Recreation and Culture	\$47,091	\$180,293	26%
Planning and Development	\$(2,275)	\$56,283	(23%)
Capital	\$231,021	\$1,074,191	22%
Total (Surplus)/Deficit	\$(78,209)	\$0	

Operating and Capital Fund Variance Report as of June 30, 2022

August 9, 2022

Page 2 of 6

The levy supported departments currently have a surplus of \$78,209. The majority of this surplus is attributed to the limited amount of capital which has not been billed to the Township as of June 30, 2021. Additional comments in regards to the levy departments and this surplus position are as follows:

Taxation Department

- Taxation billing included in the interim billing has been completed and represents approximately 50% of the annual levy.
- Supplemental taxation billings are less than anticipated. While Supplemental billings are not budgeted and contribute to the annual surplus, follow up with MPAC will occur to discuss future assessment.
- Taxation write offs are processed in August 2021 prior to the final tax billing. At this time, it is not anticipated that the write-offs will exceed budgeted amounts.

Non-Levy Funding Department

- Stratford Boundary Adjustment is slightly higher than anticipated. Actual funding will be finalized in the fall after Stratford's final tax billing.

General Government

- Department is currently at 62% of total budget. This is mainly attributed to costs, such as computer software, publications and memberships and insurance, that are paid in advance for the year. We do not currently anticipate that a deficit will be incurred.
- Contract staff have been in their positions longer than anticipated. This has increased the part time staff costs; however, off-setting savings have been realized in the full time staffing accounts.
- Penalty and interest revenues continue to be less than anticipated due to low accounts receivable amounts.

Protection of People and Property

- Department is currently 49% of annual budget and we do not currently anticipate that a deficit will be incurred.
- St Marys Fire Department costs have been accrued as billing is not completed until the end of the fiscal year.
- Member remuneration for the Community Policing Advisory Committee is typically submitted at end of fiscal year.

Operating and Capital Fund Variance Report as of June 30, 2022

August 9, 2022

Page 3 of 6

Transportation

- Fuel costs have increased significantly during 2022. Both regular and diesel gasoline have seen a per litre cost increase of over 40% between the beginning of January and the end of June. Specifically, regular gasoline has increased 41.3% and diesel has increased 43.2%. As a result of these increases, the total fuel costs between January 1 and June 30 total \$96,740 which represents 93% of the annual budget. A deficit is anticipated in the fuel accounts at the end of the year.
- Loose Top Maintenance costs are 88% of the annual budget. These costs are paid in the spring with the application of gravel and dust suppressant.
- Winter control sand and salt costs are 70% of the annual budget. There is a possibility, depending on winter weather at the end of the year, that these costs will be over budget at year end.
- Gravel Pit Royalties have been accrued for the first half of the year as they are generally received in September of each year.
- Administration costs are currently 106% of the annual budget. This is a result of the following items:
 - Boundary revenue is billed in July and January of each year;
 - All employee benefits and indirect wages costs are recorded in Administration during the year and are allocated at year end based on actual hours incurred in each Department.
 - Some costs, such as insurance are paid in advance.
- Municipal Drains account is currently 163% of budget. This is due to an outstanding transfer from reserves. It is not anticipated that this account will be over budget at year end.
- Bridge and culvert maintenance is greater than anticipated. It is possible that this account will be over budget at year end.

Environmental Services

- Household Hazardous Waste costs greater than anticipated.
- Site monitoring costs have not been incurred at any of the landfill sites.

Health Services

- Mobility bus annual grant has been paid.
- Donation to Stratford General Hospital Foundation and St. Marys Healthcare Foundation made in July.
- Sebringville Cemetery deficit will be off-set by reserve funds at year end.

Operating and Capital Fund Variance Report as of June 30, 2022
August 9, 2022
Page 4 of 6

Recreation and Culture

- Reduced revenues at pavilion and ball diamond as a result of COVID-19.
- Additional costs are outstanding in relation to the St. Pauls Athletic Association's soccer program.
- Library agreements are paid in July each year. Library grant is outstanding.

Planning and Development

- Planning application fees are greater than anticipated due to significant increase in planning applications.
- Perth County Planning has only invoiced for planning costs for the period January 1-March 31, 2022 creating a surplus position.
- Drainage superintendent grant has not been paid by province.
- Municipal drainage costs to be billed back to benefiting land owners.

Capital

Many of the capital project have been completed as of the writing of this report, but invoicing remains outstanding. It is anticipated that the capital construction costs for the roads will be over budget due to the increases in the MTO A/C Index.

The Ontario Ministry of Transportation (MTO) used the A/C Index as a tool for calculating the contract adjustments for unexpected changes in asphalt and cement prices between when the project was bid and when the asphalt was placed.

The MTO A/C index changes are shown in the graph below. As the graph illustrates, there have been significant increases to this index in 2022 resulting in increased construction costs. The MTO A/C Index has increased 62% between July 2021 and July 2022.

Operating and Capital Fund Variance Report as of June 30, 2022

August 9, 2022

Page 5 of 6

A year-to-date Capital Spending Report will be presented to Council at the September 6, 2022 Council meeting for the period January 1 through to August 31, 2022 in order to monitor closely the capital construction costs.

User Fee Supported Department Summary

Department	Actual	Budget	Surplus / (Deficit)
Building Department	\$16,355	\$0	\$16,355
Street Lights	\$2,366	\$0	\$2,366
Water Systems	\$3,861	\$0	\$3,861

Building Department

The building department has generated 58% of the total annual budget due to a very busy construction season. This has created a surplus position as of June 30, 2021. It should be noted that as of the date of this report, the Permit Fee Revenue is 80% of the annual budget and will likely exceed the total budgeted amount of \$121,918.

Street Lights

Any surplus remaining at year end will be transferred to the reserve fund for future maintenance costs.

Water

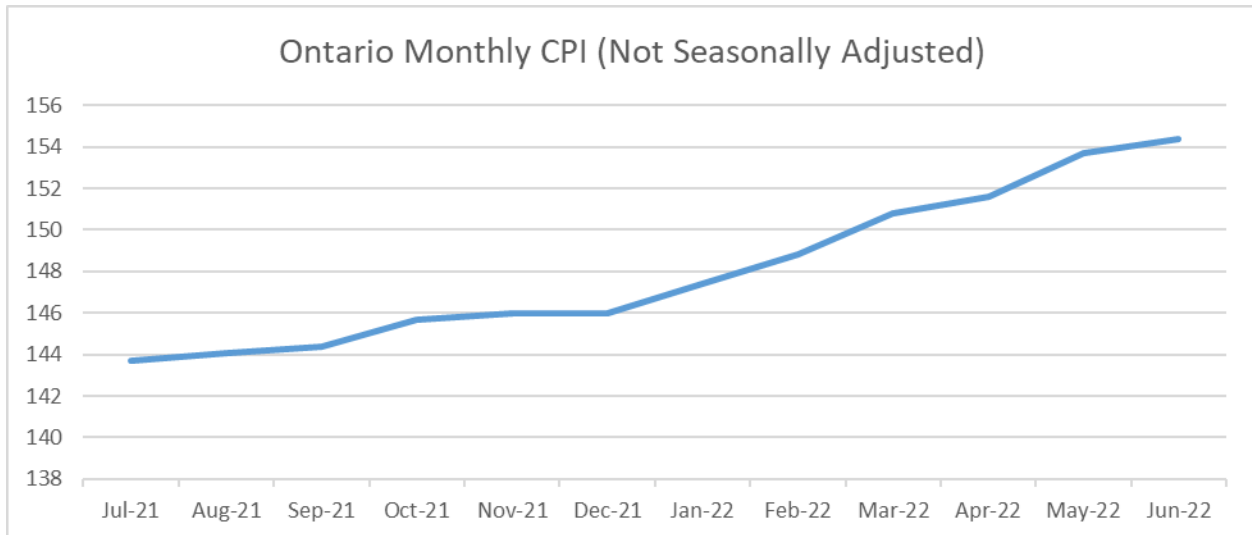

Any surplus remaining at year end will be transferred to the reserve fund for future maintenance costs.

County and School Board Summary

Organization	Payments Owed to Perth South	Payments Perth South Owes
County of Perth	\$69,020.32	
English Public School Board	\$32,508.27	
English Separate School Board	\$1,407.05	
French Public School Board	\$0.57	
French Separate School Board	\$3.73	

Consumer Price Index (CPI) Increases

The cost of most goods have been increasing in 2022. A review of the CPI for 2022 shows significant increases each month which are causing budget pressures in many departments. The Bank of Canada has been increasing interest rates in an attempt to slow the rate of inflation; however, it may take some time for the prices of goods to stabilize. The following graph shows the increases in the Ontario Monthly CPI (Not Seasonally Adjusted) for the period July 2021 through to June 2022, which had an increase of 7.45%.
